

Conservation Commission
Meeting Minutes of February 23, 2011

Present: Lester Garvin, Chair (LG)
Will Thayer (WT)
David Fessenden (DF)

Others Present: Janet Clark, Nort Saltz

The meeting is called to order at 7:30 pm.

1. CC has received new MACC handbook
2. Review of mail.
3. Commission reviews and accepts as written the Jan. 26, 2011 and Feb.9, 2011 meeting minutes.
4. Discussion with Janet Clark (JC) and Nort Saltz (NS) regarding their intended Steady Lane Rd. project they would like to begin this summer. JC presents plan and explains that they would like to remove the ell and replace it with a sun room and to remove the existing garage and build a one-car garage to the north. These changes will reduce the overall footprint and move the house site farther away from the wetland. Some excavation will be needed for the foundation and the existing garage can be disassembled, as it is closest to wetland. The Commission advises them to file an RDA and explains the process.

Meeting adjourns at 8:45 pm.

Respectfully submitted,
Barb Sussbauer
